See you in New Orleans!!

Come and be a part of this educational and challenging seminar. You will see and experience the charm and excitement of New Orleans. Our host, Pat and the Gretna Police Department have worked diligently to ensure that you leave the South with fond memories of our part of this great country.

As I look back at my K-9 beginning twenty years ago I am overwhelmed by the changes that have taken place. Court decisions that we now live by, such as Robinette Vs Barnes, Chew Vs Gates, and United States Vs Place had not even occurred. As court decisions have changed our deployment options, training has also advanced. As you look at the list of instructors, I am sure you will see new and exciting classes and instructors, to help all of us meet the changes the future will bring.

As we begin the new millennium, I feel that we will be required to be held more and more accountable for our actions and the performance of our K-9 partners. As we have worked on this National event, I along with your host have strived to ensure a training program that will meet these challenges.

As your national president, let me be the first to invite you to the 2000 National Training Seminar. As you know, every day brings changes in the law enforcement profession. In our aspect of law enforcement the changes sometimes are pushed at an accelerated rate due to the emotional nature of Police K-9.

Greetings,
